I can do some hard travelling low

Refr.: I can do ...

I've been working in that hard rough tunnel I thought you know

I've been a-working that different steel way down to go,

I've been bumping, I've been farring I've been ducking that red horn eye

I can do some hard travelling bw

Refr. :I can do.

I've been hitting that licking highway I thought you know

And I've been hitting that 66 way down to go

Ev'ry load of a worried man I'm looking fore a woman - it's hard to find

I can do some hard traveling low

Refr. (2x) I can do some...
